FOR IMMEDIATE RELEASE

Community Healing Centers' partners with Bronson Hospital IT and Executive Leadership for their annual Angel Tree

Community Healing Centers partnered with Bronson Hospital's Executive Leadership Team and IT Department for their 9th Annual Angel Tree to help make the holidays brighter for over 100 local children and mothers. On Wednesday, December 14th the staff from Community Healing Centers (CHC) Early Intervention Program and Children's Advocacy Center stuffed over 8 cars with gifts purchased and donated by the Bronson staff!

Michael Smith from Bronson Information Technology gets his whole family involved in the annual gift giving and says that "Every year my family and I absolutely love and appreciate the opportunity to give back to our community and hopefully also make someone's holiday a bit more special."

CHC was honored to help facilitate the delivery of gifts to families living in our community. Providing this level of support would not be possible without the generosity of Bronson Hospital's Executive Leadership and IT Teams. CHC is thrilled to have the staff's dedicated partnership in helping us spread holiday cheer.

"We are proud to live in a community that steps up to meet the needs of those who may not have access to certain privileges, or who are underserved throughout the year, and especially during the holiday season." said Amy Wine, Marketing and Communications Coordinator for Community Healing Centers.

If you are looking for additional ways to give back this holiday season, CHC is still collecting gifts for the clients who are embarking on their Recovery journey at the Gilmore Inpatient Treatment and Residential facility over the next few weeks. If you are interested in giving, please email Amy Wine at awine@chcmi.org for a list of items that are still needed.

Community Healing Centers is a nonprofit expert offering comprehensive addiction, recovery, and mental health treatment services for children, families, and adults in Southwest Michigan. Contact Community Healing Centers at (269) 343-1651, or info@chcmi.org
